

Development worker as advisor (m/w/d) in the field "Strengthening of the health information system ", Buea, Cameroon

Cameroon

As a federal enterprise, GIZ supports the German Government in achieving its objectives in the field of international cooperation for sustainable development.

With the dispatch of qualified specialists as development workers, GIZ contributes to the sustainable improvement of living conditions of people in developing and transition countries

Job-ID:

P1471V049

Location:

Buea

Assignment period:

10/01/2018 - 09/30/2020

Field:

Social Sectors

Type of employment:

full-time

Application deadline:

08/15/2018

Job description

The development worker (m/w/d) will advise and provide support to the regional health authority (RDPH) in the implementation of the national data collection system as well as in the coordination of the partners' contributions, particularly in the field of reproductive health. The development worker (m/w) contributes to capacity building and provides advice in quality management of data collection in selected pilot districts. The development worker (m/w/d) promotes harmonization and collaboration among the stakeholders in the Southwest Region and maintains close contact with the colleagues in Yaoundé and Bafoussam. This intervention aims to improve the data situation and to guarantee the data quality, particularly reproductive health-related data.

Your tasks

- Harmonization of the data tools with reproductive health indicators of the regional level
- Support the coordination and collaboration among stakeholders, as well as the promotion of networking between multi- and bilateral partners at the regional level
- Close collaboration with the central level and the West Region to improve data completeness, availability and quality
- Support of the data analysis through the use of electronic database DHIS2
- Support the creation of a digital map of stakeholders in the health sector

Your profile

- Diploma or master's degree in social or health sciences, and excellent knowledge of quantitative methods
- Excellent language skills in English and good knowledge of French
- Experience in the monitoring and evaluation of health programs
- Experience with data banks, particularly DHIS2
- Knowledge of health information systems

Location information

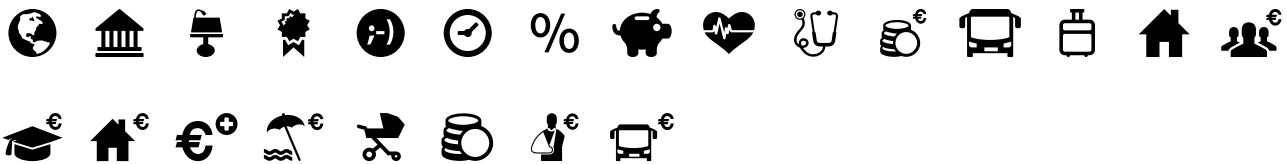

- Place of residence: Buea, regional capital of the Southwest Region
- Climate: tropical mountain climate
- Healthcare: Primary health care is provided. Good medical care in Douala and Yaoundé
- Services/infrastructure: Good infrastructure, electricity and water supply. The internet is not always stable
- Schools and school fees: There are no international secondary schools in Buea
- Other: Buea is set in a scenic landscape, at the foot of Mount Cameroon and close to the sea
- Security: The security situation requires heightened vigilance. Special precautionary measures for GIZ staff apply. GIZ safety regulations must be respected at all times. Please also consult the country-specific information available at the German Federal Foreign Office

Notes

GIZ's Development Service is looking forward to applications of candidates with a professional qualification and / or university degree and at least two years of professional experience. **In addition you hold the German nationality or the nationality of a member state of the European Union.**

Please understand that we can accept and process in principle only applications via our E-recruiting system. Following the confirmation of your successful application, kindly check your spam / junk mail folder on a regular basis, since some provider classify emails from our recruiting system as spam.

Our benefits

About us

We offer the opportunity to work in an innovative and worldwide operating institution related to development policy. Your competencies and qualifications are demanded on the spot in an interdisciplinary team. You advise governmental and civil society organizations at local or municipal level. The Development Service of GIZ offers a comprehensive service package. It includes a specific technical and personal preparation. The basis for the deployment of specialists in the development service is the *Entwicklungshelfer-Gesetz*.
